

The Hereford Snow Club is partnering with World Cup Ski and Cycle again this year for some great equipment and services for our Members! They will be at both the October meeting (for fittings) and the December meeting (for gear delivery) too! They will also schedule a pick up time at the end of the season to get the equipment back!

Here's a list of what they have to offer:

1. Ski Lease package - Skis, Boots, Poles. These are high quality, newer, and better maintained than rental skis. They are also freshly tuned with our Bronze Ski Tuning Package. **No waiting in lines at the resorts AND you have the equipment all season long!**

Youth package - \$175

Adult package - \$225 (Youth or Adult is determined by skier size not by age.)

2. Snowboard Lease package – Boots and Snowboard. These are high quality, newer, and better maintained than rental snowboards. They are also freshly tuned. **No waiting in lines at the resorts AND you have the equipment all season long!**

Youth package - \$175

Adult package - \$200 (Youth or Adult is determined by skier size not by age.)

3. Helmets - Helmet fit is extremely important to safety. We will size each skier and adjust straps for each skier to obtain the appropriate fit.

Giro Ledge - \$60. (Available in 7 colors)

Giro Nine - \$85. (Available in 7 colors)

4. Bronze Ski or Snowboard Tuning Package - \$40 (includes pick-up and delivery to HMS at the Club meeting dates)

This includes a stone grind, minor base repair, sharpen and bevel edges, wax and brush. A stone grind creates a very flat / level ski base which combined with our consistent base and side edge sharpening makes the ski perform significantly better. The skier will ski better when these tuning metrics are done well. We also brush the ski properly after waxing, creating a much better gliding experience. This is doubly obvious in soft or sticky snow.

5. Binding Release Check - \$20

This sets the binding to correct specifications for height, weight, age, boot sole length, and ability. This should be done every year. This is especially true for growing kids whose weight, height and ability changes from year to year. This is necessary to reduce the chance of injury.

6. Ski or Snowboard Purchase Package - We can offer a ski purchase package beginning at \$595 and a Snowboard package beginning at \$450. We can then customize the package as the club member desires.

7. Ski or Snowboard Bag – Several options/prices will be available at the meeting. (A bag is required by the club for equipment to travel on the bus)

8. Accessories - 10% discount off of our regular prices
